

ProductInterface

```
graph BT; PO[App\Services\Product\ProductOrchestrator] --> PI[ProductInterface];
```

A UML class diagram illustrating inheritance. At the bottom is a gray-shaded box labeled 'App\Services\Product\ProductOrchestrator'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'ProductInterface', indicating that 'ProductOrchestrator' inherits from 'ProductInterface'.

App\Services\Product
ProductOrchestrator
