

App\DTOs\Responses  
\ProductResponse\collection

```
graph LR; A[App\DTOs\Responses<br/>\ProductResponse\collection] --> B[App\DTOs\Responses<br/>\ProductResponse\fromArray]; A --> C[App\DTOs\Responses<br/>\ProductResponse\fromEntity];
```

The diagram illustrates a class hierarchy or inheritance structure. On the left, a gray-shaded box represents a base class or interface named 'App\DTOs\Responses\ProductResponse\collection'. Two blue arrows originate from the right side of this box and point to two separate white boxes on the right. The top white box represents a derived class 'App\DTOs\Responses\ProductResponse\fromArray', and the bottom white box represents another derived class 'App\DTOs\Responses\ProductResponse\fromEntity'.
