

App\Services\Product  
\Concrete\ProductCRUDService  
    \$updateProduct

```
graph LR; A["App\Services\Product<br>\Concrete\ProductCRUDService<br>    $updateProduct"] --> B["App\DTOs\Requests\Product<br>\UpdateProductRequest\getProductId"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'App\Services\Product', '\Concrete\ProductCRUDService', and '    \$updateProduct' on three lines. The right box is gray with a black border and contains the text 'App\DTOs\Requests\Product' and '\UpdateProductRequest\getProductId' on two lines.

App\DTOs\Requests\Product  
\UpdateProductRequest\getProductId
