

App\Contracts\BaseInterface

```
graph BT; A[App\Contracts\ProductCRUDInterface] --> B[App\Contracts\BaseInterface]
```

The diagram illustrates an inheritance relationship between two interfaces. At the bottom is a gray box labeled 'App\Contracts\ProductCRUDInterface'. A blue arrow points upwards from this box to a white box at the top labeled 'App\Contracts\BaseInterface'. This indicates that 'ProductCRUDInterface' inherits from 'BaseInterface'.
